Dear Friends of the Fair,

welcome to our first Email newsletter.

There will only be 3 or 4 a year, so spread them around!

They will highlight opportunities and activities coming as we lead up to the Fair, plus some insider information on special events at the Fair.

Feedback is always appreciated!

Cheers,

Mike - your Newsletter Editor

World Champs!

5 new things

What's new at this year's Fair?

1. Tractor theme It's the 125th anniversary of the first gasoline driven tractor. It was called a Burger and was also the first gasoline driven vehicle in North America. Expect LOTS of tractors!

2. Parade route to finish at the Fair We're working on the details (and looking for input). Current thoughts have the parade forming on Old Yale, then entering Fraser opposite the Community Police, along Fraser to 272nd south on 272nd to 29th then west to the parade grounds. We will reserve the school parking lot for parade floats.

Note this also means THE PARADE IS BACK IN JULY AGAIN.

3. Tractor Pull for Garden Tractors too The Tractor Pullers have a new small sled specially designed for unmodified Garden Tractors. Just drop the mower deck off and you'll be ready to enter!

4. Zucchini and Cub Car Races We are planning the world's tallest and longest Zucchini Car Race! Yes, it will be awesome with lots of opportunities for budding car builders of all ages to participate.

5. Fast Draw now WORLD CHAMPIONSHIPS It's not a misprint - the winners of this year's Aldergrove Fast Draw will be crowned World Champions! WOW!

More details to come on all these, but you can get the general idea - it's going to be amazing and a whole lot of fun!

We're looking for companies to work with that can benefit from having their name attached to one of unique activities and events. If you would like to talk to one of our Sponsorship Organizers please Email us back
